Weekly Safety Meeting

Hand Tools

Date: ____

Jobsite: _____

Discission reduet: Withou the use of hand tools, the completion of a construction project would be nearly impossible. Yet, as vital as they are, they are often the cause of serious accidents. All too frequently, hand tools are used improperly or when they are defective. Since we use hand tools continually, it is important they be used properly. We are going to briefly cover proper use today. Cuilde for Discussion Cuilde for Discussion Pre-Work Inspection Resure the heads are safe ended or dressed.
