

Weekly Safety Meeting Short Cuts

Date:	Jobsite:	

Discussion Leader:	Summary Nearly everyone we know uses short cuts to get the job done. However, there are some reasons not to use short cuts. As we all know, a
Attendance Sign- In:	project is completed by use of certain construction methods. Short cuts usually modify methods and as a result, decrease the safety built into proven methods.
	Guide for Discussion
	What are some ideas to keep in mind when doing short cuts?
	Everyone uses short cuts
	They can be dangerous
	Sometimes they are deadly
	Our company is willing to take the time necessary to do a job properly
	Heights increase the dangers of short cuts
	Excavation and tunnels increase the dangers of short cuts
	Warn those using unsafe short cuts of the hazards associated with short cuts.
	Additional Discussion Notes:
	Short cuts can really hurt our customers and our profits.
	Name some examples you have seen on the job.
	What should you do if you see someone using a short cut?
	Remember
	Although we all use short cuts in our daily routines, we must be aware of the dangers that short cuts expose us to. There are two ways to
	perform a work task. Often the safe way is not the fastest or easiest way.
